

## DIGITAL HEALTH LEADERSHIP FORUM

In a first for HISA, this invite only pre-HIC Forum brings together digital health executives and emerging leaders in a Chatham House Rule setting. Supported by Richard Royle, Dr Richard Ashby, Dr Zoran Bolevich and other high-profile leaders in digital health, attendees can expect to feel a sense of belonging where they will discuss issues, challenges and converse on learnings, career progression and how digital health is changing healthcare.

This event marks the launch of a Network for Australian Digital Health Executives. Find out more at [hisa.org.au/digitalhealthexec](http://hisa.org.au/digitalhealthexec)
